Joint Action Prevent Non-Communicable Diseases

# The role of the Equity Group & the new Secretariat

Raffaella Bucciardini & Ragnhild Breivik

Co-funded by  
The European Union

# The Equity Group

The objective of the transversal Equity Group is to create a permanent link between representatives of Work Package 7 (Task 7.3) and representatives of the other Work Packages.

The aim is to create a virtual space where needs and requests regarding the equity aspects of the pilots' implementation can be shared in systematic meetings.

# The role of the group and Secretariat

The picture can't be displayed.

The Equity Group can serve as a **platform to foster connections with other Work Packages** in the JA and a space to bring forward synergies identified.

The Coordination Team of WP1 will serve as Secretariat of the Equity Group established by WP7, to foster engagement and official structure of the group.

**JA PreventNCD**  
Joint Action Prevent Non-Communicable Diseases

# **Session 5**

## ***Selecting results with impact potential***

Group Discussion

Co-funded by  
The European Union

# Goal & Points for discussion

JA PreventNCD

## **GOAL:**

To identify a small number of strong, high-impact results to be delivered to policymakers.

## **Work method:**

3 groups, one for each pilot cluster.

## **Discussion:**

Building on the work from Day 1 and specifically from Session 1, please reflect together on one or two key results emerging from your cluster that demonstrate strong impact potential. Results with strong impact potential should:

- Be supported or generated by more than one pilot within the cluster
- Be grounded in strong evidence and have a clear rationale
- Demonstrate broad applicability or transferability
- Be relevant and useful for policy development or decision-making

*1 h group discussion, 30 min plenary discussion*

Co-funded by  
The European Union

# Coffee Break

**JA PreventNCD**  
Joint Action Prevent Non-Communicable Diseases

# **Session 6**

## ***Uptake, transferability and sustainability***

Plenary Discussion

Co-funded by  
The European Union

# Goal & Points for discussion

## **GOAL:**

To pave the way for uptake, transferability and sustainability of WP7 pilots' results.

## **Work method:**

Plenary discussion.

## **Discussion:**

Building on the conclusions from Session 5 reflect together on how to ensure:

- Uptake of the selected results by relevant stakeholders
- Transferability to other contexts, regions or populations
- Long-term sustainability beyond the lifetime of the project

Representatives from WP1–WP4 – with particular reference to WP4 on sustainability – as well as from EuroHealthNet, are invited to contribute their perspectives during the plenary discussion.

Joint Action Prevent Non-Communicable Diseases

# **Session 7**

## ***Stakeholders as users and partners***

Plenary Discussion

Co-funded by  
The European Union

# Goal & Points for discussion

JA PreventNCD

## **GOAL:**

To gather stakeholder feedback and discuss how to strategically promote results uptake and sustainability.

## **Work method:**

Plenary discussion.

## **Discussion:**

- Feedback from stakeholders on which results are most relevant or interesting for them, and how they see their role in supporting uptake and long-term sustainability
- Perspectives from WP1–WP4 and EuroHealthNet on how, through which channels, and to which target audiences the most promising results can be brought
- Suggestions, reflections, and points of discussion from pilot leaders, including opportunities, challenges, and concrete next steps
